A Nervous Woman

Will often feel compelled to stop the clock whose ticking seems unbearable to her. In such a nervous condition the woman needs a building up of the entire system. It is useless to attempt the cure of the nervous while the cause of the nervous ness remains un-

ness remains un-cured. A very common cause of nervousness in women is a diseased condi-tion of the delicate

womanly organism. Dr. Pierce's Favorite Prescription cures womanly diseases and the nervousness which they cause. It changes irregularity to regularity, dries the drains which weaken women. ity, dries the drains which weaken women,

heals inflammation and ulceration and cures female weakness. It is a perfect tonic and nervine, tranquilizing the tonic and nervine, tranquilizing the nerves, promoting the appetite and in-

tome and nervine, tranquirang the nerves, promoting the appetite and inducing refreshing sleep.

"When I first wrote you I had been to three different doctors and two of them said I would never get better without going to the hospital for an operation." writes Mrs. Selma Erickson, of 496 Kice Street, St. Paul, Minn. "Was not able to do anything, If I would get up and walk to the kitchen and back I would have to lie in bed for a day or sometimes two days. Now I have used six bottless of Dr. Pierce's Pavorite Prescription and six of the Golden Medical Discovery, and the result is just wonderful. I was so nervous I had to have some one by my side all the time even in day time, and I could hardly eat anything. I took treatment from a doctor wice a week, and every time I would go there I felt so sick, but since I quit all the doctors and began taking your medicines I gained right along. I weighed 125 pounds, when I began taking your medicines I gained right along the a good as ever."

BATTLE FOR FOCIAL LEADER.

SHIP. There seems no dou't now that one of the side issues of the coming Newport sesson will be a battle royal between young Mrs. Cornelius Vander-bilt and young Mrs. John Jacob Astor

for the imperial post on of social leader among the younger set.

The rental of a Newport villa last week by Colonel John Jicob Astor bas been the cause of a great flat er from New York to Palm Beach, masmuch as he never did such a thing before, and, too, in smuch as b to the homes of his mother, Mrs. William Art r, and of his mother-in-law, Mrs. Education of his mother-in-law, Mrs. ward S. Willing, were still open to him and Mrs. Astor.

Naturally the incident has occasioned no end of comment, and the single deduct on that has been made is took young Mrs. Actor, very much converned, if not ling more, it young Mrs.
Vandarbilt's success as an entertainer,
purposes in future to force her to at
least divide honors. This could not be

In all its stages there should be cleanliness. leader of society in America, shell retire. Obviously, for the reason of the
business, it must be an Astor or a Vanuerbilt who will succeed to the leadership

On the other hand young Mr. Vat-ferbilt, who can never forget the tarms of his father's will, which made his younger brother, Alfred, in a certain sense the head of the house, is likely to join his wife in every effort. Mrs. Van-derbilt will have the aid of the Wilsons and the Goelets, but probably none the

Mrs. Vanderbilt gave last season every kind of an entert sinment imaginable, including the presentation of an original play. Next year she can do nothing lees, and Mrs. Astor must do as much. Consequently the gayest summer ever known seems in store for Newport and those of its summer pa trons who are on the visitiog lists of the

two young women.

Mrs. Vanderbilt will again occupy lovely "Besulieu," the famous William Waldorf Astor place. Both families will arrive in Newport early in July soon after the coronation, and the merry war will probably be declared within a fortnight.

THE REIGN OF THE CATILE KING.

It may be surprising for the public to king have fenced in and appropriated to their own use tracts of land than that governed by many a German prince. In utter defiance of law they have seized upon the public domain, fenced it in, forbidden the settlers to touch it and have made themselves wealthy off the land that belongs to the whole people. Down near Sterling, where my headquarters have been, one company built a fence which enclosed upwards of 25,000 acres-not a fence completely surrounding the land, but from the Union Pacific railroad fence across one side of a triangle joining the Burlington railroad wires and com-pletely enclosing the land with three lences. They argued with me that they had not violated the law because they had only built a straight feace and

bad not built it as an enclosure. The Weather by outfit has sixty miles of fence, enclosing summense tract of land. All over the Sterling land district I have found these abuses. The law forbidding it was passed in 1885, but there is no evidence that it was ever enforced or any attempt made to enforce it. I am doing it. I have been in charge of this district since October and have simply deluged the land depart next at Washington with letters and complaints. I have secured from the department a circular addressed to the special agents, the first issued since the law was enseted, directing them to taken down. This is raising an awful

storm among the cattlemen-I mean

big ones who have grabbed the land .-
